

TO BRING JOY AND HAPPINESS THROUGH AVIATION

RANS AIRCRAFT: TERMS & CONDITIONS OF PURCHASE

1. DEPOSITS & PAYMENTS

- **Kits:** A **50% deposit** is required to initiate all kit orders.
- **Specialty Items:** Orders for engines and specialty propellers require **100% payment** at the time of the order.
- **Payment Methods:** We accept wire transfers, company checks, and personal checks. All payments must be in U.S. Dollars.
- **Check Policy:** If paying by check, please use a trackable shipping service. Orders are not considered "confirmed" until funds have cleared.

2. FINAL PAYMENT

The remaining balance is due in full prior to shipping or pickup. RANS will attempt to provide advance notice of the scheduled ship date to ensure payment processing does not delay your order. Shipments will be held until final payment (wire or check) is received and cleared.

3. SALES TAX

- **Out-of-State:** RANS does not collect sales tax on orders shipped directly outside the State of Kansas.
- **In-State:** Shipments within Kansas are subject to sales tax based on the delivery destination rate.
- **Factory Pick-ups:** Out-of-state customers picking up kits at the factory must complete a notarized **Sales Tax Affidavit** to defer tax to their state of residence.

4. SHIPPING & HANDLING

The customer is responsible for all shipping and freight charges for kits, engines, and propellers.

5. DELIVERY DATES

Delivery timelines vary based on production demand. While an "Expected Delivery Date" is provided at the time of order, this is an **estimate only**, not a guarantee, and is subject to change due to supply chain or production variables.

6. ORDER CHANGES

Because our production and inventory are tailored to specific orders, changes to confirmed orders are difficult to accommodate. Any changes to custom-made or specially ordered items will incur additional costs.

TO BRING JOY AND HAPPINESS THROUGH AVIATION

7. CANCELLATION POLICY

Due to the custom nature of our aircraft kits, **cancellations are not permitted**. Cancellation of an order will result in the forfeiture of the total deposit.

8. BACKORDERS

We strive for 100% order fulfillment. However, due to the specialized nature of aviation components and vendor lead times, some items may be backordered. RANS will ship backordered items (excluding engines and propellers) at our expense as they become available, unless other arrangements are made.

9. MISSING PARTS & INITIAL INVENTORY

Upon delivery, the customer's first priority is to perform a full inventory using the provided packing list. RANS maintains rigorous multi-stage shipping checks; however, discrepancies must be reported within **60 days of receipt**. RANS cannot provide replacement parts free of charge after this 60-day window has closed.

10. RETURNED GOODS

Kits are sold as complete units. RANS does not accept returns or offer credit for unused items from the original kit.

11. CONTINUED SUPPLY & WARRANTY LIMITATIONS

RANS cannot guarantee the continued availability of items manufactured by third parties, including but not limited to engines, propellers, wheels, brakes, and tires.

12. ERRORS & AUTHORIZATIONS

Any part shipped in error by RANS will be exchanged free of charge. All returns and exchanges must be pre-authorized by the RANS Parts Department.
